

2021-22 PROGRAM SUPPORT

Working Bridges™

We understand that barriers such as childcare, reliable transportation and acute need for emergency financial assistance get in the way of continuous employment. Through shared resources, we work with employers and employees to minimize employment barriers and maximize the supports working Vermonters need to be successful and improve their lives.

Tatum's Totes

Every day throughout Vermont, children enter the foster care system often with as little as a garbage bag filled with their few personal items, and sometimes they have nothing to call their own. In partnership with DCF we provide children entering foster care a backpack filled with caring items they can call their own.

The Volunteer Connection

We work with nonprofit organizations to recruit and coordinate volunteers to serve the needs that help them meet their missions. We also help volunteers find organizations and opportunities that fuel their passion.

K.E.E.P. Financial Coaching Program

This train-the-trainer style program gives nonprofit client-facing staff and volunteers the coaching and financial literacy skills to help people to achieve financial stability while working toward their larger life goals.

COVID-19 Response Projects

ONE Grocery Delivery Pilot Project - Innovative project to address food security among families in Northern Orleans County who are experiencing transportation challenges

CVT Family Connectivity Project Collaborative project to address internet connectivity for families with children 0-6 in Central Vermont

Orleans & No. Essex Community Response Team – part of a team of partners working to ensure that community members had access to masks, vaccines, food, healthcare and information relating to the community response to COVID-19 and the recovery
